

N-Vest® Garden Mixes

A Division of The CISCO Companies

Spring Green Mix

Contains crimson clover, Scav-N-Ger® radish, and cereal rye. Clover and rye live through the winter keeping soil healthy, alive, and ready for spring garden planting. Plant August to October. Coverage up to 3,000 sq. ft.

Winter Blanket Mix

Contains seed oats and Scav-N-Ger® radish to scavenge nutrients, smother weeds, reduce compaction, and stabilize soil. This mix will winterkill, leaving ground clean and ready to plant in the spring. Plant August to September. Coverage up to 3,000 sq. ft.
