2 cf - 65/pal

**NEW ferti-lome SIZES FOR**  
**ferti-lome COMPRESSED SPHAGNUM**  
3cf - 35 bales/pal + New Package for 2.2 and 1cf

**ULTIMATE READY TO USE POTTING MIX**

This is the **best mix** for most plants in pots, baskets, and window boxes both indoor and outdoor settings. Used by professional growers in their greenhouse operations, the **ULTIMATE** soilless mixes help with nutrient and moisture uptake. They reduce transplant shock, and heat stress. **We use Canadian Sphagnum peat mosses, perlite, dolomitic and calcitic limestones, wetting agent, a complete starter fertilizer with humic and fulvic Acids.**

Available in four sizes:

**3cf - 48/pal, 50qt. - 65/pal, 25 qt. - 90/pal, 8 qt. - 6/case - 30 cases/pal**

**There is no bark or other fillers in our mixes, which can tie up fertilizers.** Bark decomposition creates toxic waste and interferes with uniform root growth. Most domestic retail mixes use non-composted wood as a major component.

**ORGANIC GARDEN SOIL** - This is **OMRI CERTIFIED 100% ORGANIC Black Peat**, Worm Castings, Kelp Meal, and Lime. Mix into flower and vegetable beds or use with Grass Seed as a Lawn Patch for moisture retention and faster seed growth. Perfect for Square Foot Gardening

Available size: **2cf.** - 65/pal

**HIGH PERFORMANCE MIX**

OUR HEAVYWEIGHT mix that has extra water holding properties. It contains a complete 8 months fertilizer charge, and MAJOR and MINOR TRACE ELEMENTS.

Available sizes: **50 qt. bags** - 65/pal, **25 qt. bags** - 90/pal, **8 qt. bags** - 6/case

**PRO-CONTAINER MIX** - With 11 Mycorrhizae strains and Worm Castings

Available size: **40 qt. bags** - 75/pal

**AFRICAN VIOLET MIX** - BLACK PEAT, perlite, lime and wetting agent

Available size: **4 qt.** - 12 /case

**CACTUS AND SUCCULENT MIX** - Course peat with granite sand, perlite, lime, and wetting agent

Available sizes: **16 qt.** - 120 /pal, **4qt.** - 12/case

**SEED AND CUTTING MIX** - Also used for rooting leaf, stem and plant cuttings.

Available sizes: **16qt.** - 120/pal, **8 qt.** - 6/case

**ORCHID MIX** - Sphagnum peat chunks, red fir bark, charcoal, and lava rock. Formulated for constant humidity, it provides excellent drainage and a secure anchoring for orchids

Available size: **4 qt.** - 12/case

**INTERIOR AND FOLIAGE MIX** - Rich water holding formula.

Available sizes: **40 qt. bags** - 75/pal, **16qt.** - 120/pal

**PERLITE**

Available size: **8 qt. bags** - 6/case

**VERMICULITE** - Medium particle size.

Available size: **8 qt. bags** - 6/case

**CHARCOAL** - Absorbs impurities in water, fertilizer and plant decay. It is used as a base layer in pots to prevent pooling water from damaging roots and terrariums.

Available size: **4 qt. bags** -12/case

**DECORATIVE MOSS** - Decorative Moss is handpicked Sphagnum used for lining baskets, or a top dressing for potted plants, and many craft applications.

Available sizes: **2 cf. bags** - 50/pal, **8 qt. bags** - 6/case

**AQUATIC MEDIUM** - Granular Diatomaceous Earth similar to size used in many pond and pool filters. This super porous planting material is 100% organic and doesn't cloud water like clay mediums. Many garden centers use ferti-lome **AQUATIC MIX** to transplant water garden plants.

Available sizes: **2 qt. bags** - 45/pal, **8qt. bags** - 6/case

**COMPRESSED CANADIAN SPHAGNUM** - OMRI CERTIFIED 100% ORGANIC

Available size: **3.8 cf.** - 30/pal

NEW PACKAGES FOR: **3cf** - 35/pal, **2.2 cf.** - 50/pal, **1 cf.**-100/pal, loose **8 qt.** - 6/cs.
