

Kootenai Timothy

FEATURES

- Top of the line for yield and forage quality
- Matures three to five days earlier than Climax
- Very disease resistant and winterhardy
- Maturity matches well with alfalfa
- Consistent performance

Timothy is the oldest cultivated forage grass in North America. It is highly palatable as well as winterhardy. It performs best in cool, moist conditions. Timothy is well known and preferred in the horse market. It matches well with clovers or birdsfoot trefoil due to its late maturity. The following varieties offered are ranked in the order of maturity.
